Dr. Premchand Shridhar

Dear Arya Bandhus:

On behalf of all the executive committee & various working committees I wish you a very happy & prosperous New Year.

In July 2006, we had a very successful & enjoyable Arya Maha Sammelen in Houston under the leadership of Dr. Gandhi. Thanks to the hard work of 80 or so members of the host committee. We put into effect new by laws to expand the executive committee & I took the responsibility to lead.

Since the last Maha Sammelen, we formed various working committees. Some of these committees have developed their objectives & goals & others are working towards that end. We already have couple of meetings thru conference calls. The annual Sammelen Committee is working diligently for the next Maha Sammelen to be held in Dallas in July 2007. The Communication Committee has been sending you monthly newsletter. The publication committee has finished their work on a short pamphlet about Arya Samaj which will be available at all locations. On the request of two Samajs, DAV Sanskriti school curriculum has been mailed from Houston so that they can make use of it in their locations.

It is a slow start & it is going to take some more time to get every thing going. I do not believe that any body will disagree that the success of any organization depends on the unity & team work spirit of their leaders. I believe we are working very hard towards that goal.

I visited Jeevan Prabhat Pondicherry in last November & proudly give you a report about the great humanitarian work being done there. We have raised funds for the first phase of construction for more than 50 children. Our children from both schools in Houston are working very hard to raise more funds for the maintenance expenses through a Readathon effort. We will report to you all the details of this effort in our next newsletter. Next year we want to implement this concept of Readathon at more Samajs.

It is my request that any of you who has interest & desire to work in any of our working committees, please come forward & contact me or any other committee members. We would love to have your input, support & participation.

Wishing you all very happy, healthy & blissful year,

Devinder Mahajan

Yajnaarth Karma in Gita By Dr Premchand Shridhar (Acharya Arya Samaj Greater Houston)

In his admirable book on "Hinduism and Buddhism" Prof. Ananda K. Coomarswami writes "Gita may be described as a compendium of the whole doctrine to be found in the earlier Vedas, Brahmanas and the Upanishads, and being therefore the basis of all later developments, it can be regarded as the focus of Indian religion."
